

KANO LABORATORIES LLC

PTFE Products and PFOA

April 2024

To Whom It May Concern,

This letter provides information on our PTFE and compliance with (EU) 2017/1000, (EU) 2019/1021, and Stockholm Convention (POP). These regulations limit the trace content of perfluorooctanoic acid (PFOA).

Batches made with the new PTFE that complies with the above directives is effective with:

- Batch # 20156 XXX and sequentially higher.

Our PTFE supplier tests all lots to assure it meets a limit of <25 ppb of PFOA, using the following test method:

<https://multimedia.3m.com/mws/media/13567710/3m-standard-method-for-pfas.pdf>

Typical results by the above analysis are in the range of 5-15 ppb.

Please let us know if you require any additional information.

Kevin Wall

A handwritten signature in black ink that reads "Kevin Wall".
